### ■ Comma Splice, Plurals, Using the Right Word, Verb (Irregular and Tense), Capitalization

The Mexican-american War ended in 1848, the United States gains 525,000 square miles of territory from Mexico. The United States had growed by one-fourth, Mexico had shrinked by one-half. The Mexican-American War teachd many soldiers how too fight and many officers how to led. In one of his reports, captain Robert E. Lee talked in glowing terms of a young officer named Grant. Thirteen years later, these two mans would be enemys, fighting on opposite sides in the American civil war.
